Account Ref#: 10017

Owner/Business Name: W I Haithcock Jr

Parcel Number/Description: 0018 04013/ Oxford Rd

Opening Statement: Real Property value - \$162,165

Appellant statement of reason (s) for the appeal: Parcel number 0018 04014A was reduced in 2016 to \$121,926.00. Both building are the same age and condition, therefore the tax should be close.

Staff Review:

Vance County assessed real estate values reflect the market value as of January 1, 2016. Any inflation, deflation or other economic changes occurring after this date do not affect the county's assessed value of the property and cannot be lawfully considered when reviewing the value for adjustment. January 1, 2016 assessed value remains in effect until the next county-wide revaluation, which is currently performed every eight years. On October 10, 2016 we mailed Mr. Haithcock Jr. a letter informing him that we made changes in his value from 169,673 to 162,165 due to on August 30, 2016 the project manager for Pearson Appraisal informed the Tax Office of changes that should have been made on this parcel during the revaluation. At that time Mr. Haithcock did not object to the new value. In staff review the age and condition are the same for both buildings, but 0018 04013 building is 6 units at 6,021 square feet and building 0018 04014A is only 4 units at 4,490 square feet.

Assessor's Recommendation: Tax Assessor recommends that the real property value stands as is of \$162,165.

Vance County
Water Board Report
May 1, 2017

A. Reimbursement Resolution – Phase 3. The board has previously accepted a letter of conditions from USDA for grant and loan funding for Phase 3 of the water system. The board also authorized LKC Engineering to proceed with construction design on this phase. Financing with USDA will be closed at a later date, but the District will incur expenses related to this project prior to that date. This resolution allows for reimbursement for those initial expenditures through the financing proceeds once they are available. ***Recommendation:** Adopt the reimbursement resolution allowing the Water District to be reimbursed through grant and financing proceeds for expenses incurred towards the design and construction of the Phase 3 water project.*

Committee Reports and Recommendations

May 1, 2017

Human Resources Committee

Senior Center Oversight. The Human Resources Committee (Faines[C] [absent], Taylor & Wilder) met Monday, April 24 and continued their review of a request from the Social Services Board to transfer oversight of the senior center to the County. Staff presented the committee with an in-depth review and comparison of staffing levels and services provided by the center. The data indicates that the center has a daily attendance of 130 individuals, provides 45-60 meals a day between home delivered and congregate meals and serves 45 clients through its in-home aid program. The center is productive and efficient handling a similar combined population of the Warren and Person county centers with a limited staff size. The committee was made aware that concerns at the center often include limited space and limited parking availability around the center. The committee reiterated their concerns with transferring oversight of the center from social services to the county pointing out that the salary and classification study recommends decreasing the county manager's span of control through umbrella departments similar to the current DSS and senior center arrangement. The committee discussed the benefits the senior center receives from the state office of human resources as a result of being subject to the state personnel act and the increased workload that the county's human resources, finance and manager's office would have with a transfer of the senior center. The committee will be continuing their review of this request with a draft letter of response to be provided to the full board at a later date. *For your information.*

Properties Committee

REO Property - Offers to Purchase. The committee (Brummitt [C], Wilder [absent] & Kelly) met Tuesday, April 18 and reviewed the following offers to purchase REO properties:

- 1210 Old Epsom Road (Parcel 0112 05001A) – \$1,000 offer for county owned property – offer from Reyna Tejada Hernandez
- 119 Lincoln Street (Parcels 0107 01002 & 0107 01003) – \$3,000 offer for joint city/county owned property – offer from Linda Bristow

The committee discussed the offers and made note that both properties had existing structures that would need demolished or brought up to minimum housing standards and occupied within one year of sale. The committee recommended proceeding with the upset bid for both properties.

Recommendation: *Approve the offers to purchase, and approve the resolutions authorizing the upset bid process for the sale of 1210 Old Epsom Road (tax parcel 0112 05001A) and 119 Lincoln Street (tax parcels 0107 01002 & 0107 01003).*

New Parking Lot Adjacent to Courthouse. The committee reviewed plans and bid tabulations for a new parking lot between the courthouse and the First United Methodist Church on the former teacherage property. The architect and engineer working on behalf of the county were present, as was the chairperson of the board of trustees for the church. The committee noted that the plan would require incoming traffic to cross over church property prior to entering the new parking lot, and acknowledged that church traffic could use the lot and cross over it to exit their property. The committee felt the new lot would be for public use and was agreeable to the church and the public using it as needed. The committee felt a shared agreement guaranteeing exclusive use by either party was not necessary. The committee discussed the potential for an access easement between the church and county and felt this could be worked out as the project proceeds. The committee recommended proceeding with the low bidder, BCS Contractors and recommended including a

10% contingency taking the final project cost to \$65,390. **Recommendation:** *Award contract to BCS Contractors in an amount not to exceed \$65,390 for construction of a new parking lot at the former teacherage property from proceeds of the CIP financing.*

Courthouse Security Camera System Replacement. The committee reviewed the specifications and bids for replacement of the security camera system at the courthouse and administration building and recommended proceeding with the low bidder, Edwards Electronic Systems. The project will include installation of a new dedicated network, two network video recorders, two new video monitors, and 80 new cameras to replace and augment the existing 53 cameras inside, outside and around the courthouse and administration building. The new system will provide better quality, coverage and security. The total cost is \$94,985 and the source of funds would be from the CIP financing following LGC approval. **Recommendation:** *Award contract to Edwards Electronic Systems in the amount of \$94,985 for replacement of the courthouse security camera system subject to LGC approval of CIP financing.*

Elevator Modernization Project – Administration Building. The committee met with the Wagner Consulting Group, who is working on the county's behalf to develop specifications and oversee the elevator modernization project. This project is part of the approved CIP for the current year and involves replacing all aspects of the elevator with the exception of the elevator frame, hydraulic jack and rails. Following completion of the project, the county will essentially have a new elevator with a life expectancy as long as 50 years. The committee reviewed the details for the project with the consultant and discussed the single bid received from Southern Elevator. The committee recognized that a limited number of firms are available for this type of work and was made aware that the specifications require non-proprietary equipment, which eliminated some other companies. The committee recommended proceeding with Southern Elevator for the project making note that multiple bids are not required for this project and pricing could increase if it were rebid. **Recommendation:** *Award contract to Southern Elevator in the amount of \$100,411 for modernization of the administration building elevator subject to LGC approval of CIP financing.*

WHEREAS, Vance County owns certain real property with an address of **1210 Old Epsom Road, Henderson, North Carolina**, and more particularly described by the Vance County Tax Department as Parcel Number **0112 05001A**; and,

WHEREAS, North Carolina General Statute §160A-269 permits the county to sell real property by upset bid, after receipt of an offer for the property; and,

WHEREAS, the County has made a counteroffer to amend the terms of the Offer to Purchase County Owned Property; and,

WHEREAS, *Reyna D. Tejada Hernandez* has paid the required deposit in the amount of **\$1,000.00** with her initial offer.

THEREFORE, THE VANCE COUNTY BOARD OF COMMISSIONERS RESOLVES THAT:

1. The Board of County Commissioners declares the real property described above surplus and authorizes its sale through the upset bid procedure of North Carolina General Statute §160A-269.

2. Upon acceptance of the County's counter offered terms and conditions, a notice of the proposed sale shall be published which shall describe the property and the amount of the offer and shall require any upset offer be subject to the same terms and conditions as contained therein except for the purchase price.

3. Any person may submit an upset bid to the Clerk to the Board of County Commissioners within 10 days after the notice of sale is published. Once a qualifying higher bid has been received, that bid will become the new offer.

4. If a qualifying upset bid is received, a new notice of upset bid shall be published, and shall continue to do so until a 10-day period has passed without any qualifying upset bid having been received. At that time, the amount of the final high bid shall be reported to the Board of County Commissioners.

5. A qualifying higher bid is one that raises the existing offer by the greater of \$750 or ten percent (10%) of the first \$1,000.00 of that offer and five percent (5%) of the remainder of the offer and is subject to the same terms and conditions of the previous bid.

6. A qualifying higher bid must also be accompanied by a deposit in the amount of the greater of \$750 or five percent (5%) of the bid, which may be made by cash, cashier's check or certified funds. The County will return the deposit of any bid not accepted and will return the bid of an offer subject to upset if a qualifying higher bid is received.

7. The terms of the final sale are that the Board of County Commissioners must approve the final high offer before the sale is closed and the buyer must pay with certified funds or wire transfer the bid amount and any other amounts as required pursuant to the terms and conditions of the bid at the time of closing, which shall be no later than 30 days following the approval by this Board of the final bid. The real property is sold in its current condition, as is, and the County gives no warranty with respect to the usability of the real property or title. Title will be delivered at closing by **a Non Warranty Deed**, subject to exceptions for ad valorem taxes, assessments, zoning regulations, restrictive covenants, street easements, rights of others in possession and any other encumbrances of record. Buyer shall pay for preparation and recording of the Deed and revenue stamps.

Vance County
Finance Director's Report to the Board
May 1, 2017

A. Adoption of Capital Improvement Plan for FY 2018-2022. The Capital Improvement Plan (CIP) is a five year planning tool used to identify capital projects and coordinate the financing and timing of those projects. The CIP has gone through its annual review and update process. A draft of the CIP was presented to the board during a work session for review and comments. The draft you received has undergone minor changes including reducing the expense for vehicle replacements in FY 17-18 to match the proposed budget as well as changing \$5,000 for VGCC to purchase custodial equipment to a general, recurring capital outlay allocation. The first year of the CIP (FY 17-18) mirrors the manager's recommended budget you will receive. *Recommendation: Adopt the Capital Improvement Plan for fiscal years 2018-2022 as presented.*

B. Surplus Property. *Recommendation: Approve the property presented as surplus and authorize the Finance Director to dispose of said property as allowed by state statute.*

Vance County
County Manager's Report to the Board
May 1, 2017

A. Appointment of Review Officer. Review officers are required in the Tax Office to review plats and certify that they meet statutory requirements before being recorded with the Register of Deeds. *Recommendation: Approve the resolution to appoint Jennifer Williams, Assistant Tax Administrator as a review officer as required by NC General Statute 47-30.*

B. Fireworks Permit. The Vance County Tourism Department is requesting approval of a fireworks permit for its annual Independence Day celebration at Kerr Lake. According to Tourism Director Nancy Wilson, the work will be contracted with a professional pyrotechnics firm which has the appropriate credentials and insurance coverage. *Recommendation: Approve the request from Tourism for a permit to discharge fireworks at its annual Independence Day celebration at Kerr Lake on Saturday, July 1, 2017, contingent upon the contractor being adequately insured.*

C. Fireworks Permit. The Cokesbury Volunteer Fire Department is requesting approval of a fireworks permit for its annual Independence Day celebration on S. Cokesbury Road. According to Cokesbury VFD Chief Donald Roberson, the work will be performed by four licensed and insured shooters. *Recommendation: Approve the request from Cokesbury Volunteer Fire Department for a permit to discharge fireworks at its annual Independence Day celebration on S. Cokesbury Road on Saturday, July 1, 2017.*

D. Rural Demolition Grant – Resolution Approving Demolitions. The City of Henderson is applying for a rural demolition grant through the NC Department of Commerce Rural Infrastructure Authority for the demolition of 425, 427, 511, & 513 Garnett Street. The properties are currently privately owned, although 425 and 427 Garnett Street are in the foreclosure process and the owner of 511 and 513 has expressed interest to the city for inclusion in the program. The grant application is due May 2 and requires both taxing authorities (City and County) to approve a resolution authorizing the demolition subject to the grant being awarded and subject to the local government having control of the property. The total project cost is estimated at \$70,340 inclusive of potential asbestos abatement and would require a 25% match which would be split between the city and county from budgeted demolition funds for fiscal year 2018. If awarded, the city would be the grant recipient and would handle the grant and demolition process. The properties committee was made aware of this request from the city during its meeting on April 18. *Recommendation: Approve the resolution approving the demolition of properties in accordance with the NC Rural Building Demolition Grant Program requirements.*

E. Change Order #1 – Admin Building HVAC Replacement. The board approved a contract with Mike Brummitt Heating and Cooling in April totaling \$143,542 for the replacement of 16 HVAC units at the courthouse and administration building. This work is anticipated to take place during the month of May and due to costs being under the original project budget, staff has worked with the contractor to add four HVAC units as a change order which would complete the replacement of all units at the administration building prior to an upcoming roof replacement. The additional units are the same manufacturer, meet the same specifications as originally presented and include installation of three 7.5 ton units and one 5 ton unit. The additional cost

totals \$39,291 and will be covered with funds from the CIP financing. **Recommendation:** *Approve Change Order #1 with Mike Brummitt Heating and Cooling adding \$39,291 for the replacement of four additional HVAC units at the administration building.*

F. Animal Shelter Large Animal Run-in Structures. Animal Control Staff has been working to secure materials for construction of two 12x12 and one 12x24 large animal run-in structures at the new shelter. The structures would be utilized in the three pastures and would ensure the department meets state standards for sheltering large animals. This will allow the pastures to be fully utilized and save the county from paying to house the animals elsewhere. The shelters would be constructed of wood with burgundy metal sides and gray metal tops to compliment the new shelter. The materials cost alone totals \$7,037 and Shields Tucker Construction has secured the materials at half price and will offer a complete buildout at \$7,000. The project will be covered with remaining funds in the animal shelter donation fund. **Recommendation:** *Allocate \$7,000 from the animal shelter donation fund for construction of two 12x12 and one 12x24 run-in structures at the new animal shelter.*

G. Presentation of FY 2017-18 Proposed Budget. We will transmit the proposed FY 2017-18 Vance County Budget to you on Monday evening. We will provide a brief synopsis of the budget and ask that you consider setting work sessions on May 15 and 16 to review the proposed budget in detail. The public hearing on the budget will be set for the evening of June 5, which is the date of your regular meeting. **Receive the FY 2017-18 Proposed Budget and Schedule Budget Hearing for the June 5th regular meeting.**

We have on staff 4 trained, licensed and insured technicians certified through the Office of the State Fire Marshal. The cost for this training and certification is absorbed by the department. Our organization is requesting the Vance County Board of Commissioners to waive the \$75.00 permit fee for our demonstration. I want to thank each and every one of you personally for your time, service and dedication to our organization and to our county. Also please feel free to come out and witness our event and bring your families.

Re: Proposed demolition grant – Various properties
in the Downtown Area.

Dear Chairman Brummitt:

Thank you to you and your Committee members for meeting with the City's Land Planning Committee and discussing the many ways we are working on improving the downtown area, which is so important to both the City and County. As we briefly discussed, the City Council has approved an application for demolition of structures located at 425- 427 Garnett Street and 511 and 513 Garnett Street.

These structures have been in a deteriorated state for many years with the roofs completely gone and the structures integrity of the buildings certainly compromised due to exposure to the outside elements.

The total estimates to demolish and dispose of the structures including possible asbestos abatement is \$70,340. The property owner of 511 and 513 Garnett Street has agreed to the give the property to the City if the grant is approved and discussion is underway with the property owner at 425-427 Garnett Street; however, it is anticipated that foreclosure is eminent.

As a part of the grant requirements, all political jurisdictions taxing the property or building must approve the demolition by resolution. Therefore, we are requesting the County's approval. I have attached a proposed Resolution for your use.

Again, thank you very much for your continued efforts in improving the City and Vance County.

Sincerely,

Frank Frazier, City Manager
City of Henderson, NC
