***ABC Board Appointments***  
*July 1, 2024*

Arnold Bullock (appointed 03/2016) and Judge Henry Banks (appointed 07/2021) have submitted letters requesting to be reappointed to the Vance County ABC Board for a three year term. Pam Hester and Ralph Nevils have submitted applications for consideration (see attached).

April 16, 2024

Re: Appointment to Vance County ABC Board - July, 2024 through June, 2027

Honorable Commissioners:

I am sending this letter to express my desire in reappointment to a three-year term on the Vance County ABC Board, which will come before all of you at the first meeting of the Board of Vance County Commissioners held in July, 2024. I want to take this opportunity to again express my interest of/in reappointment to that board, and remind you that I am requesting that you reappoint me to that board.

Since I have been on the Vance County ABC Board we have made unprecedented strides in sales, profits, and in providing funds to both the county and the city. In addition, we operate out of a building which is debt free and it is viewed as a model to most other ABC stores which are being constructed or planned. Further, our sales have increased every year I have been on the Board, and I think that comes about as a result of good management, the encouragement of providing premium products for sale, and putting together a good team of workers within the store. I certainly appreciate what everyone at that store does to make that operation a success, and I want to see that success continue for Vance County and the City of Henderson.

Therefore, I am again soliciting your support for reappointment to the Vance County ABC Board. I hope that you will consider the success the board has had since my original appointment and consider reappointing me once again. I would appreciate the opportunity of serving our county and city in this capacity, and I would appreciate your support.

If you have any questions, please feel free to call me. With best

regards and appreciation, I remain

Very sincerely yours,

I like to serve on Boards that have some direct reflection on the job I do.

### Staff Report

#### Vance County Board of Commissioners

Case# ZMA24-005

**Owner:** Craig E.  
Falkner and Lisa  
F. Royster

**Applicant:**  
Thomas H.  
Johnson, Jr.,  
Attorney  
(Williams Mullen)

**Parcel Number:**  
0537 01014

**Location:** 705  
Finch Road

**Current Zoning:**  
R-30

**Requested  
Zoning:**  
A-R

**Meeting Date:**  
July 1, 2024

**Prepared by:**  
Vance County  
Planning Staff

**PURPOSE:** To review and make a recommendation on a Zoning Map Amendment (ZMA) request for a parcel of property located at 705 Finch Road.

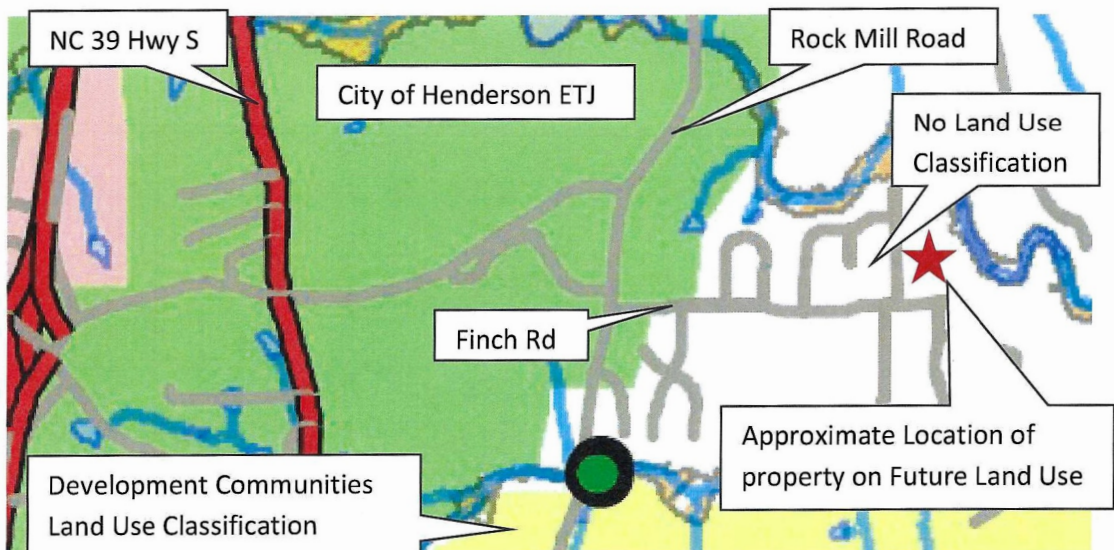

**FROM:** Residential Low Density (R-30)

**TO:** Agricultural Residential (A-R)

**BACKGROUND:** The Basic facts of the application are as follows:

- a. Owner/Applicant: Craig E. Falkner and Lisa F. Royster
- b. Location: 705 Finch Road (PIN 0537 01014)
- c. Size of Parcel: 44.05+/- acres
- d. Existing Conditions/Features: The parcel is partially wooded with open farmland, a pond, and two existing single-wide manufactured homes.
- e. Roads/Access: Access is off Finch Road, a State maintained roadway.
- f. Future Land Use Designation: The parcel is within a rural designated area of the County as designated on the adopted Future Land Use Map.

The parcel is not located within a designated Transitional Development or Neighborhood Area or within a defined Development Community or an Industrial and Warehousing Land Use Classification, as defined in the adopted Land Use Plan.

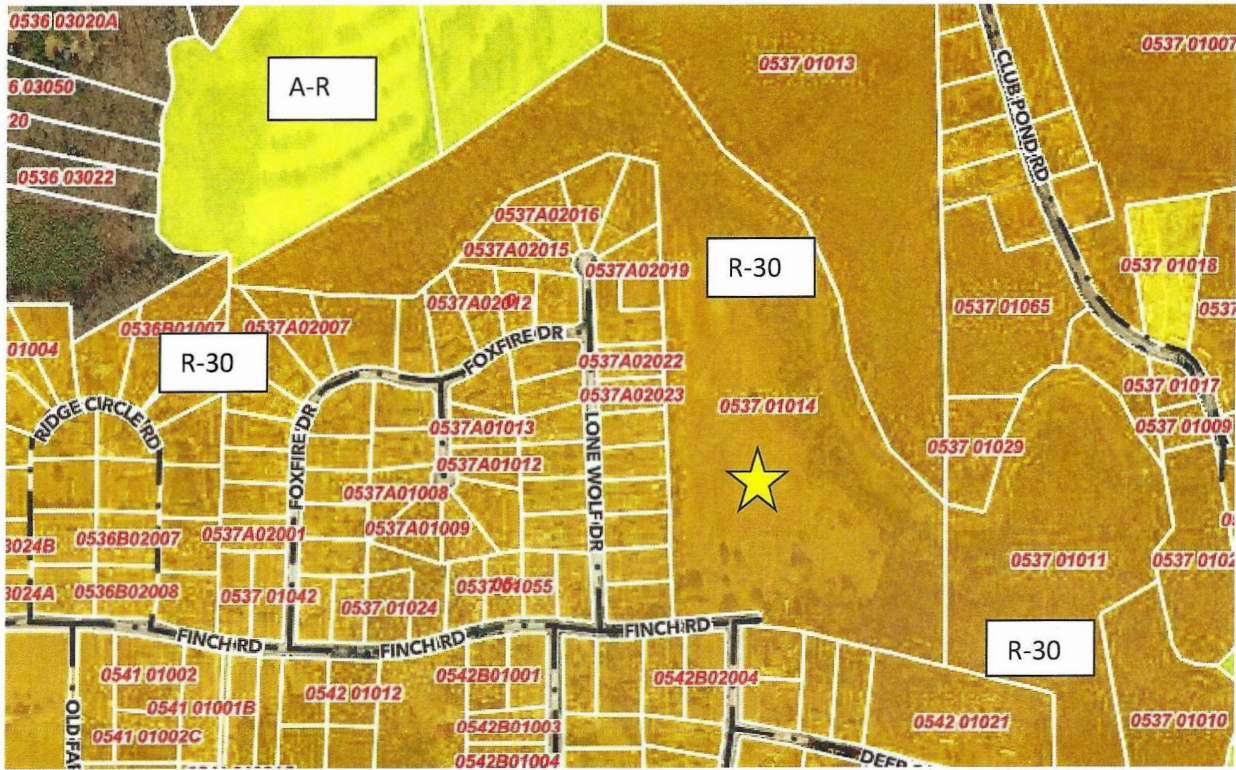

**BACKGROUND – CONTINUED:**

g. Surrounding Zoning:

North: Residential Low Density (R-30) and Agricultural Residential (A-R) general use zoning;

South/West: Residential Low Density (R-30) general use zoning (single-family residential land uses);

East: Residential Low Density (R-30) general use zoning (single-family residential land uses).

**PROPOSAL:** Applicant wishes to rezone the property to A-R, consistent with adjacent property to the north. As part of the request, the applicant will be seeking to lease a portion of the property for a wireless communications tower, which is a permitted use within the AR general use zoning district subject to the submittal and approval of a Special Use Permit.

Per Section 3.2.1 of the Zoning Ordinance, the purpose and intent of the A-R general use zoning district is: *Established for primarily rural, agricultural, and sparsely spaced residential development. Standards are designed to preserve the rural character of Vance County by prohibiting uses incompatible with rural and low-density residential development. Certain non-residential uses are allowed, either as a matter of right or on a conditional basis.*

**STAFF COMMENTS:**

**A. General Use Map Amendment Process:** Involves review/action of a rezoning petition in accordance with Section 11 of the Ordinance.

Applications processed in a legislative manner (i. e., does not require sworn testimony or evidence) and decisions are based on the Vance County Board of County Commissioners determination that the project is consistent with the purpose and intent of the Comprehensive Plan and applicable Zoning regulations as embodied within the Ordinance.

Typical procedure for review is as follows:

- First Action — Staff review and analysis.

**STAFF COMMENT:** Staff's analysis of the request contained herein.

- Second Action — The Planning Board reviews the application at a regular meeting and makes a recommendation to the Board of County Commissioners (BOCC).
- Third Action — The BOCC receives the Planning Board recommendation and decides at a previously advertised legislative hearing.

**B.** Per Section 11.3 of the Zoning Ordinance, the Planning Board shall follow policy guidelines for all zoning amendments. A proposed zoning amendment will not receive favorable recommendation unless:

- The proposal will place all property similarly situated in the area in the same category, or in appropriate complementary categories.

**STAFF COMMENT:** The two adjacent parcels to the north are zoned AR. Rezoning the property to AR will place the property into the same zoning classification as adjacent properties.

The parcel is within a rural designated land use category per the adopted Land Use Plan, which allows for the AR general use zoning designation.

- There is convincing demonstration that all uses permitted under the proposed zone classification would be in the general public interest and not merely in the interest of an individual or small group.

**STAFF COMMENT:** As the two adjacent parcels to the north are zoned AR, the rezoning would not permit land uses inconsistent with the majority of existing zoning in the area.

**As a reminder, rezoning of the property to AR is no guarantee of the issuance of a Special Use Permit by the Board of Adjustment.** That is a separate process where the applicant is required to demonstrate the request complies with the provisions of the Zoning Ordinance. Approval of the rezoning request is no guarantee of permit issuance.

- There is convincing demonstration that all uses permitted under the proposed zone classification would be appropriate in the area included in the proposed change. (When a new zone designation is assigned, any use permitted in the zone is allowable, so long as it meets zone requirements, and not merely uses which applicants state that they intend to make of the property involved.)

**STAFF COMMENT:** Allowable land uses in the AR complement existing residential development in the area.

- There is convincing demonstration that the character of the neighborhood will not be materially or adversely affected by any use permitted in the proposed change.

**STAFF COMMENT:** There is an argument that the area already supports land uses already permitted under the AR general use zoning district (i.e., a wireless communications tower is permitted under the AR general use zoning district subject to the issuance of a Special Use Permit).

- The proposed change is in accord with the County Land Use Plan and sound planning principles.

**STAFF COMMENT:** As indicated by staff this parcel is not in an area previously identified as serving economic development goals/needs.

C. Per applicable County policy and State law, the County is unable to impose conditions or establish limitations on development activities with a general use rezoning. Presuming rezoning to AR, development will be consistent with applicable land use regulations as embodied within the Ordinance.

D. There are goals of the Comprehensive Plan appearing to support the request, namely:

- GOAL 1:* To encourage development at a rate and in a pattern which can be efficiently and effectively served by existing and planned services and facilities.
- Goal 4:* To promote, expand, and diversify the economic base in Vance County to maximize the use of human resources while protecting important natural features and community values
- Goal 5:* To conserve, protect, and encourage the wise and prudent use of Vance County's natural and cultural resources.

**PLANNING BOARD ACTION:** The Planning Board is being asked to make a recommendation to the Board of County Commissioners (BOCC) on the requested Zoning Map Amendment. The Board can do the following:

**I. RECOMMENDATION FOR APPROVAL:**

The Planning Board has determined the request is consistent with the provisions of the adopted Vance County Land Use Plan and is supported by the goals and objectives of the plan, including:

*GOAL 1:* To encourage development at a rate and in a pattern which can be efficiently and effectively served by existing and planned services and facilities.

*Goal 4:* To promote, expand, and diversify the economic base in Vance County to maximize the use of human resources while protecting important natural features and community values.

The area in question has existing residentially R-30 (Residential Low Density) zoned parcels in the area and supports land uses, both permitted by right and permitted through the issuance of a Special Use Permit, allowed in that general use zoning district. The request would constitute a logical extension of this development activity.

Goal 5: To conserve, protect, and encourage the wise and prudent use of Vance County's natural and cultural resources.

The Board has determined the request is reasonable and in the public interest by promoting additional rural residential and economic development activities and conserving, protecting, and encouraging the use of natural and cultural resources within the County, allowing for the logical expansion of existing agricultural development activities in the area, and will continue to promote a diverse rural economic tax base consistent with the permitted uses within the AR general use zoning district.

## **II. RECOMMENDATION FOR DENIAL:**

The Planning Board has determined the request is not consistent with the provisions of the adopted Vance County Land Use Plan and is supported by the goals and objectives of the plan, including:

Goal 4: To promote, expand, and diversify the economic base in Vance County to maximize the use of human resources while protecting important natural features and community values.

The area to the north is slated for agricultural/residential development and this property has been zoned for agricultural/residential development for some time. Rezoning this property to an agricultural/residential zoning designation will not allow for economic development activities in an area of the County where such development is anticipated to occur.

The Board has determined the request is unreasonable and not in the public interest. While there may be residential developments and zoning to in and around the subject property, rezoning the property to an agricultural/residential zoning designation would limit the logical expansion of the County's economic base as envisioned by the Land Use Plan.

## Vance County Rezoning Narrative

2. Have conditions changed in the area to justify the requested amendment? Yes:
  - The parcel, under current ownership, has been used primarily for agricultural purposes. Rezoning to AR would align more closely with the large parcel's current use. In addition, the owner wishes to lease a portion of the property for a wireless communications tower, which is allowed as a special use in AR but not in R30.
3. What factors justify the proposed amendment?
  - Many parcels of equivalent size and use in the County are zoned AR. In addition, similar parcels within the surrounding area are zoned AR. There are two (2) small dwellings on the parcel, and the parcel has been used primarily for agricultural purposes for many years and that use is anticipated to continue.

RE: NOTIFICATION OF LEGISLATIVE HEARING – Vance County Board of Commissioners Case ZMA24-005 Craig E. Falkner & Lisa F. Royster – Rezoning of a parcel located at 705 Finch Road (PIN 0537 01014.)

To Whom It May Concern:

Per this letter, and in accordance with Section 11.2 (D) of the Ordinance, the Vance County Board of Commissioners will hold a LEGISLATIVE HEARING to review a ZONING MAP AMENDMENT on **Monday July 1, 2024, at 6:00 p.m.** in the Commissioners Meeting Room, located on the second floor of the County Administrative Office Building at 122 Young Street in downtown Henderson.

The purpose of the Hearing is to receive the Planning Board recommendation/public comment and take formal action on Zoning Map Amendment involving the subject parcel located at 705 Finch Road (PIN 0537 01014), a 44.05-acre parcel of property owned by Craig E. Falkner & Lisa F. Royster, who is requesting the parcel be rezoned:

**FROM:** Residential Low Density (R-30)  
**TO:** Agricultural Residential (AR)

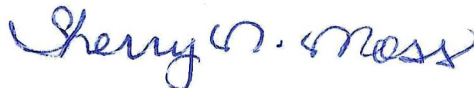

The application is for a general use rezoning, where no specific land use is being proposed. The area already supports land uses already permitted under the AR general use zoning district. Therefore, any allowed land use within the AR general use zoning district could be developed on the property. Consistent with local regulations and State law, the Vance County Board of Commissioners cannot impose conditions on the rezoning request limiting the types of land uses that could be developed on the property. Any land uses permitted within the AR general use zoning district as detailed in Section 3 *Table of Permitted Uses* of the Ordinance could be developed on the subject parcel if the parcels are rezoned.

Members of the public are invited to attend the LEGISLATIVE HEARING and offer comment consistent with the Town's applicable rules of procedure. Questions can be directed to Vance County Planning Department at (252) 738-2091. For more information visit the Vance County website at: <https://www.vancecounty.org/departments/planning-and-development/planning-board/>.

Individuals with a disability who wish to attend/participate are asked to contact the Office of the Clerk to the Board at (252) 738-2003 no later than 12:00 noon on June 28, 2024 so that adequate plans for accommodation can be arranged.

Sincerely,

### Staff Report

#### Vance County Board of Commissioners

Case# ZMA24-006

**Owner:** SJ White  
Property  
Management,  
LLC

**Applicant:**  
Stephen J. White

**Parcel Number:**  
0586 03037 &  
0589 01028

**Location:**  
Bullocksville Park  
Road

**Current Zoning:**  
R-30

**Requested  
Zoning:**  
A-R

**Meeting Date:**  
July 1, 2024

**Prepared by:**  
Vance County  
Planning Staff

**PURPOSE:** To review and make a recommendation on a Zoning Map Amendment (ZMA) request for a parcel of property located along Bullocksville Park Road.

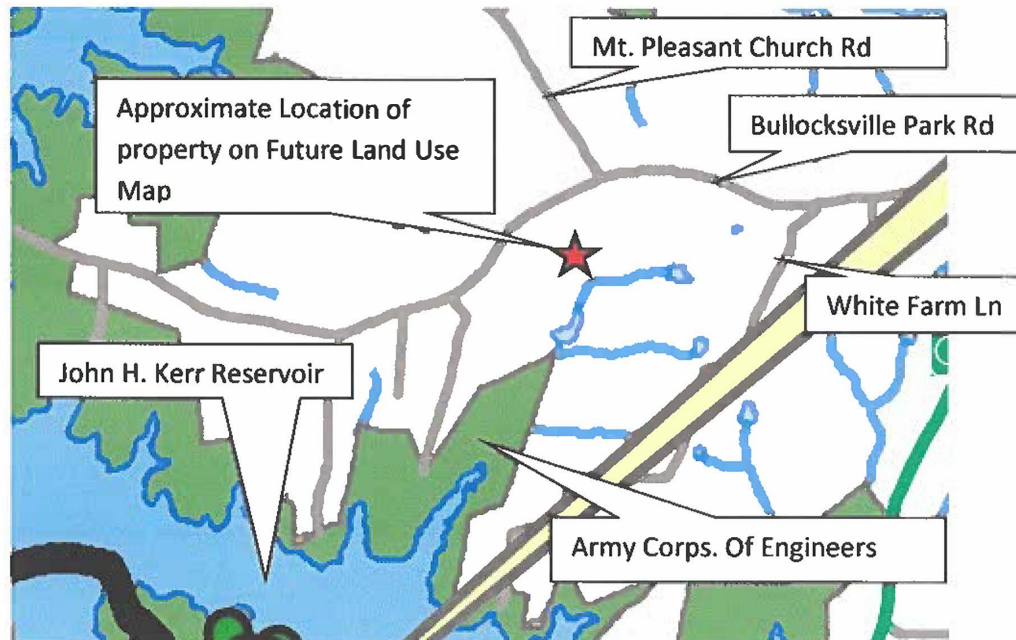

**FROM:** Residential Low Density (R-30)

**TO:** Agricultural Residential (A-R)

**BACKGROUND:** The Basic facts of the application are as follows:

- Owner/Applicant: SJ White Property Management LLC/Stephen J. White
- Location: Bullocksville Park Road (PIN 0586 03037 & 0589 01028)
- Size of Parcel: 48.6+/- acres & 25.3+/- acres
- Existing Conditions/Features: The parcel is undeveloped and heavily wooded with a waterbody/streams.
- Roads/Access: Access is off Bullocksville Park Road, a State maintained roadway.
- Future Land Use Designation: The parcel is within a rural designated area of the County as designated on the adopted Future Land Use Map.

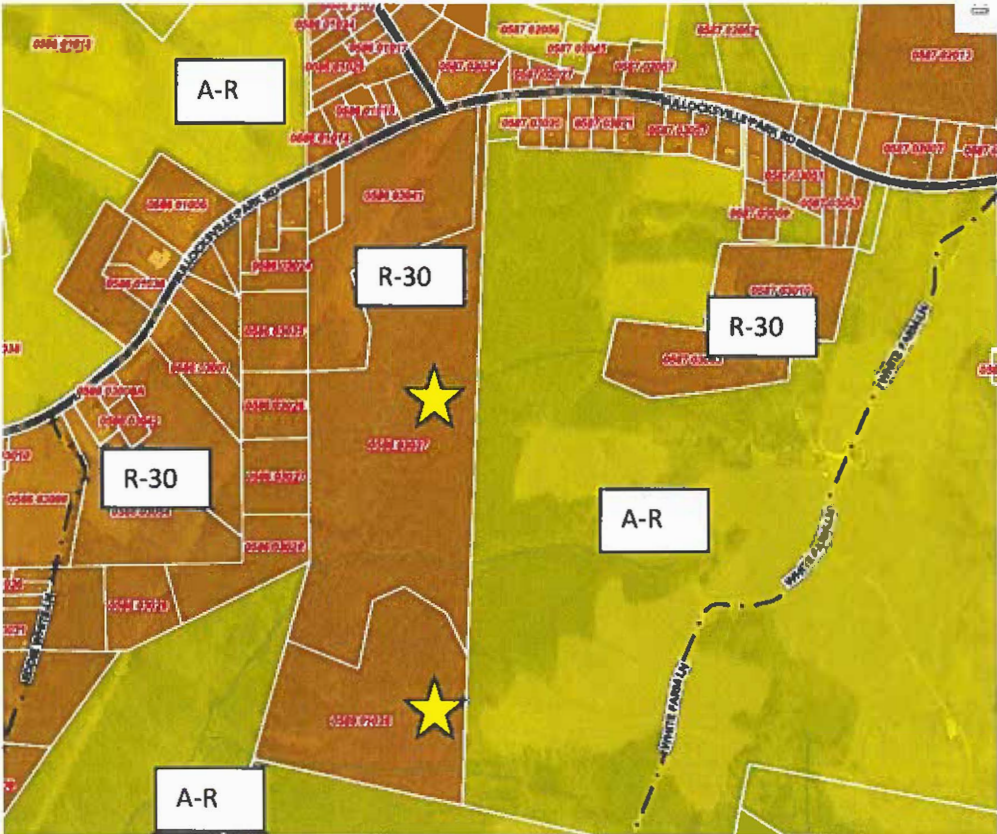

The parcel is not located within a designated Transitional Development or Neighborhood Area or within a defined Development Community or an Industrial and Warehousing Land Use Classification, as defined in the adopted Land Use Plan.

**BACKGROUND – CONTINUED:**

g. Surrounding Zoning:

North: Residential Low Density (R-30) - (single-family residential land uses) and Agricultural Residential (A-R) general use zoning;  
South/West: Residential Low Density (R-30) and Agricultural Residential (A-R) general use zoning;  
East: Residential Low Density (R-30) and Agricultural Residential (A-R) general use zoning.

**PROPOSAL:** Applicant wishes to rezone the property to A-R, consistent with adjacent property to the east and south.

Per Section 3.2.1 of the Zoning Ordinance, the purpose and intent of the A-R general use zoning district is: *Established for primarily rural, agricultural, and sparsely spaced residential development. Standards are designed to preserve the rural character of Vance County by prohibiting uses incompatible with rural and low-density residential development. Certain non-residential uses are allowed, either as a matter of right or on a conditional basis.*

**STAFF COMMENTS:**

**A. General Use Map Amendment Process:** Involves review/action of a rezoning petition in accordance with Section 11 of the Ordinance.

Applications processed in a legislative manner (i. e., does not require sworn testimony or evidence) and decisions are based on the Vance County Board of County Commissioners determination that the project is consistent with the purpose and intent of the Comprehensive Plan and applicable Zoning regulations as embodied within the Ordinance.

Typical procedure for review is as follows:

- First Action — Staff review and analysis.

**STAFF COMMENT:** Staff's analysis of the request contained herein.

- Second Action — The Planning Board reviews the application at a regular meeting and makes a recommendation to the Board of County Commissioners (BOCC).
- Third Action — The BOCC receives the Planning Board recommendation and decides at a previously advertised legislative hearing.

**B.** Per Section 11.3 of the Zoning Ordinance, the Planning Board shall follow policy guidelines for all zoning amendments. A proposed zoning amendment will not receive favorable recommendation unless:

- The proposal will place all property similarly situated in the area in the same category, or in appropriate complementary categories.

**STAFF COMMENT:** The adjacent parcels to the east and south are zoned AR. Rezoning the property to AR will place the property into the same zoning classification as adjacent properties.

The parcel is within a rural designated land use category per the adopted Land Use Plan, which allows for the AR general use zoning designation.

- There is convincing demonstration that all uses permitted under the proposed zone classification would be in the general public interest and not merely in the interest of an individual or small group.

**STAFF COMMENT:** As the adjacent parcels to the east and south are zoned AR, the rezoning would not permit land uses inconsistent with the majority of existing zoning in the area.

- There is convincing demonstration that all uses permitted under the proposed zone classification would be appropriate in the area included in the proposed change. (When a new zone designation is assigned, any use permitted in the zone is allowable, so long as it meets zone requirements, and not merely uses which applicants state that they intend to make of the property involved.)

**STAFF COMMENT:** Allowable land uses in the AR complement existing residential development in the area.

- There is convincing demonstration that the character of the neighborhood will not be materially or adversely affected by any use permitted in the proposed change.

**STAFF COMMENT:** There is an argument that the area already supports land uses already permitted under the AR general use zoning district.

- The proposed change is in accord with the County Land Use Plan and sound planning principles.

**STAFF COMMENT:** As indicated by staff this parcel is not in an area previously identified as serving economic development goals/needs.

- C. Per applicable County policy and State law, the County is unable to impose conditions or establish limitations on development activities with a general use rezoning. Presuming rezoning to AR, development will be consistent with applicable land use regulations as embodied within the Ordinance.
- D. There are goals of the Comprehensive Plan appearing to support the request, namely:
- GOAL 1: To encourage development at a rate and in a pattern which can be efficiently and effectively served by existing and planned services and facilities.
  - Goal 4: To promote, expand, and diversify the economic base in Vance County to maximize the use of human resources while protecting important natural features and community values
  - Goal 5: To conserve, protect, and encourage the wise and prudent use of Vance County's natural and cultural resources.

**PLANNING BOARD ACTION:** The Planning Board is being asked to make a recommendation to the Board of County Commissioners (BOCC) on the requested Zoning Map Amendment. The Board can do the following:

**I. RECOMMENDATION FOR APPROVAL:**

The Planning Board has determined the request is consistent with the provisions of the adopted Vance County Land Use Plan and is supported by the goals and objectives of the plan, including:

GOAL 1: To encourage development at a rate and in a pattern which can be efficiently and effectively served by existing and planned services and facilities.

Goal 4: To promote, expand, and diversify the economic base in Vance County to maximize the use of human resources while protecting important natural features and community values.

The area in question has existing residentially R-30 (Residential Low Density) zoned parcels in the area and supports land uses, both permitted by right and permitted through the issuance of a Special Use Permit, allowed in that general use zoning district. The request would constitute a logical extension of this development activity.

Goal 5: To conserve, protect, and encourage the wise and prudent use of Vance County's natural and cultural resources.

The Board has determined the request is reasonable and in the public interest by promoting additional rural residential and economic development activities and conserving, protecting, and encouraging the use of natural and cultural resources within the County, allowing for the logical expansion of existing agricultural development activities in the area, and will continue to promote a diverse rural

economic tax base consistent with the permitted uses within the AR general use zoning district.

## **II. RECOMMENDATION FOR DENIAL:**

The Planning Board has determined the request is not consistent with the provisions of the adopted Vance County Land Use Plan and is supported by the goals and objectives of the plan, including:

Goal 4: To promote, expand, and diversify the economic base in Vance County to maximize the use of human resources while protecting important natural features and community values.

The area to the north is slated for agricultural/residential development and this property has been zoned for agricultural/residential development for some time. Rezoning this property to an agricultural/residential zoning designation will not allow for economic development activities in an area of the County where such development is anticipated to occur.

The Board has determined the request is unreasonable and not in the public interest. While there may be residential developments and zoning to in and around the subject property, rezoning the property to an agricultural/residential zoning designation would limit the logical expansion of the County's economic base as envisioned by the Land Use Plan.

## Rezoning Process

Vance County Planning & Development Department

### Statement of Justification

1. Would the amendment correct an error in the zoning map?  NO  YES: *Please explain below:*

Yes, the rezoning from R30 to AR would correctly align these parcels with those surrounding them. Other surrounding R30 parcels are much smaller, have houses and are used primarily for residential purposes.

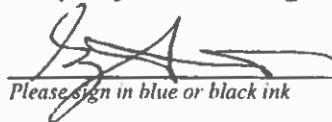

2. Have conditions changed in the area to justify the requested amendment?  NO  YES: *Please explain below:*

Yes, these parcels have been recently timbered, which goes to show their zoning should align with their long established use. These parcels have not had residential use in over 100 years.

3. What factors justify the proposed amendment?

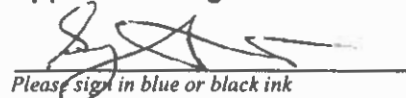

These two parcels are currently zoned as R30, but have not had any residential use in over 100 years. Neighboring R30 parcels have physical residences on the properties, whereas these two parcels are only utilized for timber production. The proposed amendment to AR would align these parcels with the surrounding parcels currently in agriculture/timber.

RE: NOTIFICATION OF LEGISLATIVE HEARING – Vance County Board of Commissioners Case ZMA24-006 SJ White Property Management, LLC – Rezoning of Two Parcels along Bullocksville Park Road (PIN 0586 03037 and 0589 01028)

To Whom It May Concern:

Per this letter, and in accordance with Section 11.2 (D) of the Ordinance, the Vance County Board of Commissioners will hold a LEGISLATIVE HEARING to review a ZONING MAP AMENDMENT on **Monday July 1, 2024, at 6:00 p.m.** in the Commissioners Meeting Room, located on the second floor of the County Administrative Office Building at 122 Young Street in downtown Henderson.

The purpose of the Hearing is to receive the Planning Board recommendation/public comment and take formal action on Zoning Map Amendment involving the subject parcel located off Bullocksville Park Road (PIN 0586 03037 and 0589 01028), a 48.6 and 25.3-acre parcels of property owned by SJ White Property Management, LLC, who is requesting the parcel be rezoned:

**FROM:** Residential Low Density (R-30)  
**TO:** Agricultural Residential (AR)

The application is for a general use rezoning, where no specific land use is being proposed. The area already supports land uses already permitted under the AR general use zoning district. Therefore, any allowed land use within the AR general use zoning district could be developed on the property. Consistent with local regulations and State law, the Vance County Board of Commissioners cannot impose conditions on the rezoning request limiting the types of land uses that could be developed on the property. Any land uses permitted within the AR general use zoning district as detailed in Section 3 *Table of Permitted Uses* of the Ordinance could be developed on the subject parcel if the parcels are rezoned.

Members of the public are invited to attend the LEGISLATIVE HEARING and offer comment consistent with the Town's applicable rules of procedure. Questions can be directed to Vance County Planning Department at (252) 738-2091. For more information visit the Vance County website at: <https://www.vancecounty.org/departments/planning-and-development/planning-board/>.

Individuals with a disability who wish to attend/participate are asked to contact the Office of the Clerk to the Board at (252) 738-2003 no later than 12:00 noon on June 28, 2024 so that adequate plans for accommodation can be arranged.

Sincerely,

**CASE ZMA24-006**

**STATEMENT OF CONSISTENCY AND REASONABLENESS  
Zoning Map Amendment  
Vance County Zoning Ordinance**

**WHEREAS** Vance County (hereafter ‘the County’) is in receipt of a Zoning Map Amendment for a parcel of property off Bullocksville Park Road (PIN 0586 03037 and 0589 01028), which is located within a rural designated area of the County per the adopted County Comprehensive Plan; and

**WHEREAS** The property owner, SJ White Property Management, LLC, wishes to rezone the 48.6 and 25.3-acre parcel of property from Residential Low Density (R-30) to Agricultural Residential (AR)

**WHEREAS** The Planning Board completed its review on June 20, 2024 and recommended approval finding the amendment was reasonable, in the public interest, and consistent with the adopted 1996 Vance County Comprehensive Plan; and

**WHEREAS**, the Staff advertised the Legislative Hearing, scheduled to occur on July 1, 2024, consistent with the provisions of the Ordinance and NC General Statute 160D-601; and

**WHEREAS**, All Zoning Map Ordinance Amendments are required to comply with the provisions of the Ordinance and processed in accordance with Article 5 of G.S. 160D of the State of North Carolina General Statutes:

**NOW THEREFORE BE IT RESOLVED** The Vance County Board of Commissioners hereby makes the following finding(s):

1. **CONSISTENCY WITH LAND USE PLAN:** The Board determines the proposed map amendment (IS / IS NOT) consistent with the adopted 1996 Comprehensive Plan (hereafter ‘the Plan’) finding that:

Sample language finding request ‘is’ consistent:

- a. The Plan establishes the following goals and objectives supporting the adoption of the proposed amendments:

Sample language finding request ‘is not’ consistent:

- a. The Plan establishes the following goals and objectives supporting rejection of the amendment package:

<ol style="list-style-type: none"> <li>1. GOAL 1: To encourage development at a rate and in a pattern which can be efficiently and effectively served by existing and planned services and facilities.</li> <li>2. Goal 4: To promote, expand, and diversify the economic base in Vance County to maximize the use of human resources while protecting important natural features and community values.</li> <li>3. Goal 5: To conserve, protect, and encourage the wise and prudent use of Vance County's natural and cultural resources.</li> </ol> <p>The Board finds the area in question has existing agricultural and residentially zoned parcels in the area. The request represents a logical expansion of existing agricultural development activity in the area, and will continue to promote a diverse rural economic tax base consistent with the permitted uses within the AR general use district.</p>	<ol style="list-style-type: none"> <li>1. GOAL 4: To promote, expand, and diversify the economic base in Vance County to maximize the use of human resources while protecting important natural features and community values.</li> </ol> <p>The Board finds the area in question is surrounded by residential land uses. Rezoning this property to another residential zoning designation would limit the logical expansion of the County's economic base as envisioned by the Land Use Plan.</p>

**2. STATEMENT OF REASONABLENESS:** The Board of County Commissioners finds:

<p>Sample language finding request 'is' reasonable and in the public interest:</p> <p>The Board has determined the request is reasonable and is in the public interest. There is agricultural and residential zoning surrounding the subject property.</p>	<p>Sample language finding request 'is not' reasonable and in the public interest:</p> <p>The Board has determined the request is not reasonable and is not in the public interest by promoting additional economic development activities within the County, allowing limited logical expansion of the County's economic as envisioned by the Land Use Plan.</p>

**Finance Director's Report to the Board**  
**July 1, 2024**

- A. Fire Tax Fund Balance.** At the June 13, 2024 budget work session, there was a consensus to equally disburse approximately one half of the Fire Tax Fund Balance amongst the nine volunteer fire departments. At the time of the discussion, the fund balance was estimated to be around \$600,000. The actual balance as of 6/30/2023 was \$592,432. During the budget preparation process, \$203,588 of the Fire Tax Fund Balance was appropriated to fund the increase of \$30,000 per fire department and to balance revenues to expenses thereby reducing the amount of the Fire Tax Fund Balance from \$592,432 to \$388,844.
- Recommendation:** After the completion of FY 23-24 audit review and we have a confirmed updated Fire Tax Fund Balance amount, we will equally disburse one half of the unappropriated Fund Balance to the nine volunteer fire departments. This will come back to the Board of Commissioners at that time for approval. The timeframe will likely be around November/December 2024.*

## Committee Reports and Recommendations

### July 1, 2024

**Properties Committee.** The committee (Alston, Brummitt & Taylor) met Monday, June 17, 2024 to discuss the following agenda items:

**Real Estate Leases.** The committee reviewed the list of County leases and advised the County Manager and staff to move forward with reviewing each lease to see if they are in compliance with the lease/contract terms. Staff will bring back an update once the list is reviewed. *For your information.*

**Eaton Johnson Gym.** The county manager advised the committee of the much-needed maintenance to the Eaton Johnson gym. The committee recommends moving forward with an RFP process for HVAC and getting costs on shower upgrades. The county manager also advised the committee that a MOU is needed for the City of Henderson to use the facilities moving forward. Staff will bring back an update. *Recommendation: Authorize the county manager to engage in an RFP process for the HVAC system and find a contractor to assist with shower upgrades.*

**REO Properties.** The committee reviewed a request from the City of Henderson to purchase several county properties as they have done in the past. The committee would like more information from the City of Henderson on how they intend to use the properties. *Update: Information received from the Assistant City Manager: The City expects to bundle the properties for work force housing. A builder has taken a group they offered near Main Street, and they are getting additional inquiries.*

**Kerr Lake Sub-Station.** The station currently has a septic tank, but no drain field. Staff has to pump the tank every 30 days with an annual cost of \$4,000 - \$7,000. There was a doublewide on the property before the fire department was built. The fire department was built on top of the drain field for septic tank. The health department tested several spots for a new drain field but there was no subtitle found for a new field. The health department gave a pump and haul permit for the septic system. The recommendation is to contract with a soil consultant to test the soil. *Recommendation: Approve the recommendation of using a soil consultant or keep pump as is. If it is kept as is, the cost would remain at \$4,000 - \$7,000 annually compared to a one-time fee of about \$7,000 to install a drain field.*

**Sally Port – Sheriff's Office.** Staff advised the committee of the issues with the sally port door and the repeated issues. Staff recommends making the door higher to accommodate the vehicle height of a transport van. The height will be extended to 113 inches and the van height is 107 inches. Staff will coordinate installing a slide gate to allow the vehicles in and out of the sallyport. There is a recommendation to install a light in the sally port that will come on when the gate is in motion and stop when the gate stops. There is also a recommendation of signage that is very visible in the sally port stating low ceiling height. Total cost is \$26,500. *Recommendation: Approval to move forward with recommendations at the Sheriff's Office sally port.*

**Northern EMS Station Land Purchase Agreement.** The committee agreed to allow County Attorney Jonathan Care to send the contract to the landowner to see if they will accept the \$20,000 offer and allow 180 days for the county to get a survey and soil consultant to the property to see if land will perk. *Recommendation: Approve the recommendation of the properties committee.*

**July 1, 2024**

**A. City of Henderson – Request for Reimbursement.** On Monday, June 3, 2024 at a special budget meeting, the Henderson City Council unanimously agreed to provide financial support in the amount of \$2,000 to each of the twenty-two (22) remaining families still awaiting housing due to their displacement resulting from the shutdown of the 121 Motel in Henderson. In total, the City appropriated \$44,000 to assist these families with the funds to be used for rental deposits, extended hotel stays and other related housing expenses as they transition to more stable, long-term housing. In approving these payments, the Henderson City Council also included in its motion that the City Manager would request that the Vance County Commissioners consider sharing in the cost of assisting the 22 families by reimbursing the City of Henderson fifty percent (50%) of the expenses incurred by the City to assist these families. This would equate to \$22,000.

The County incurred these costs associated with the Shelter:

Category	Cost
Shelter Maintenance	\$4,225.86
Credit Card Charges for Hotel	\$3,743.32
Staffing	\$17,436.49
Increased utilities	\$1,500.00
Total	\$26,905.67

*Recommendation: If the Board chooses to reimburse the City of Henderson, there should be an offset for the cost incurred by the County.*

**B. KARTS Around Town Shuttle 24-25 Appropriation.** The Board agreed to fund KARTS for six months with an appropriation of \$37,500. An email was received from KARTS Director Randy Cantor showing appreciation for the appropriation but is requesting a year commitment with a contract to cover a 12-month time frame due to the amount of time it has taken to prepare for the termination and the possibility of having to do this again in six months. They feel as if there are better options to offer the citizens of Henderson. *Recommendation: Approve or deny the request for additional funding to keep the shuttle open for 12 months instead of six months.*

**C. Fire Department Freeze.** At your June 14, 2023 meeting, there was a motion made by Commissioner Dan Brummitt to freeze all vacant positions at the Vance County Fire Department, freeze the fire department budget except for salaries, operating expenses and debt that is due; any equipment or other spending will come before the board for approval until the fire study is complete; freeze the four new part time positions included in the budget’s fire fund; and no increase in the capital contribution to volunteer departments until after the fire study is complete. This motion was seconded by Commissioner Carolyn Faines and vote was ayes – five (5); noes – two (2), with the dissenting votes being cast by Commissioner Archie B. Taylor, Jr. and Commissioner Thomas S. Hester, Jr. *Recommendation: Approve or deny the continuance of the freeze. The motion reads “after fire study is complete” The actual study is complete; no actions have been taken by the Board of County Commissioners, but the study is complete. Fire Chief Chris Wright is struggling with staffing because he has not been able to hire part-time staff and he is working to cover shifts. Exempt staff members are not compensated for additional hours worked.*

**D. GPS - Sheriff’s Office Vehicles.** The Sheriff provided supporting documentation as to justifications for not installing GPS on Sheriff’s office vehicles. That documentation is attached for your review. *Recommendation: With Jonathan Care, Legal Counsel and the County Manager, consider the Sheriff’s supporting documentation.*

**E. Henderson-Vance Industrial Park Roadway Improvements.** The improvements are complete as of June 26, 2024. *For your information.*

Re: Reimbursement Request – 121 Motel, Henderson, NC.

Dear Manager Perry,

On Monday, June 3, 2024 at a special budget meeting, the Henderson City Council unanimously agreed to provide financial support in the amount of \$2,000 to each of the twenty-two (22) remaining families still awaiting housing due to their displacement resulting from the shutdown of the 121 Motel in Henderson, NC. In total, the City appropriated \$44,000 to assist these families with the funds to be used for rental deposits, extended hotel stays and other related housing expenses as they transition to more stable, long-term housing.

In approving these payments, the Henderson City Council also included in its motion that the City Manager would request that the Vance County Commissions consider sharing in the cost of assisting the 22 families by reimbursing the City of Henderson fifty percent (50%) of the expenses incurred by the City to assist these families. This would equate to \$22,000.

This letter serves as a formal reimbursement request of \$22,000 from Vance County to share in the costs of assisting these twenty-two (22) remaining families. Thank you for your consideration of the City's request and we look forward to the response of the Vance County Commissioners.

Kindest regards,

**§ 153A-103. Number of employees in offices of sheriff and register of deeds.**

Subject to the limitations set forth below, the board of commissioners may fix the number of salaried employees in the offices of the sheriff and the register of deeds. In exercising the authority granted by this section, the board of commissioners is subject to the following limitations:

- (1) Each sheriff and register of deeds elected by the people has the exclusive right to hire, discharge, and supervise the employees in his office. However, the board of commissioners must approve the appointment by such an officer of a relative by blood or marriage of nearer kinship than first cousin or of a person who has been convicted of a crime involving moral turpitude.
- (2) Each sheriff and register of deeds elected by the people is entitled to at least two deputies who shall be reasonably compensated by the county, provided that the register of deeds justifies to the Board of County Commissioners the necessity of the second deputy. Each deputy so appointed shall serve at the pleasure of the appointing officer.

Notwithstanding the foregoing provisions of this section, approval of the board of commissioners is not required for the reappointment or continued employment of a near relative of a sheriff or register of deeds who was not related to the appointing officer at the time of initial appointment. (1953, c. 1227, ss. 1, 2; 1969, c. 358, s. 1; 1973, c. 822, s. 1; 1977, c. 36; 1979, c. 551; 1987, c. 362.)

## **THE CONSTITUTIONAL OFFICE OF SHERIFF**

Any legal analysis of the issues contained in this case must properly begin with a discussion of the Constitutional Office of Sheriff. Although the term “Sheriffs’ Department” appears periodically in the Plaintiffs-Appellants’ Brief, frequently appears in news media articles reporting activities of a local sheriff’s office, occasionally appears in decisions of North Carolina state and federal courts, and is often misused by others as well, there is no such entity in North Carolina as a “Sheriff’s Department.”

The Office of Sheriff is a constitutionally created office older than our great State herself. The Office of Sheriff is not a department of State government nor a department of county government. As a State office, “the [Office of] county sheriff dates to [North Carolina’s] 1776 constitution.” J. Orth, The North Carolina State Constitution, with History and Commentary, p.141 (1995).

The State of North Carolina joined the other twelve original States in declaring her independence from Great Britain in 1776. On December 18, 1776, the State of North Carolina adopted a written Constitution. North Carolina’s 1776 Constitution established the Office of Sheriff as part of the government for the State:

“. . .we, the representatives of . . . North Carolina chosen and assembled in congress for the express purpose for framing a constitution, under the authority of the people, . . . do declare, that a government for this State shall be established, in a manner and form following, [sic] to wit:

\*\*\*\*

Sect. 38. That there shall be a sheriff. . . in each county within this State.”

-2-

N.C. Const. of 1776, Sect. 38.

The duties of the Office of Sheriff were not spelled out in the 1776 Constitution of North Carolina; however, “[w]here the sheriff is named in the [State] Constitution [the sheriff’s] duties are the same as they were at the time the Constitution was adopted.” 1 Anderson, A Treatise on the Law of Sheriffs, Coroners and Constables, 37 (1941). In fact, the North Carolina General Assembly has specifically declared that “[a]ll such parts of the common law as were heretofore in force and use within this State. . . and which has not been otherwise provided for in whole or in part, not abrogated, repealed or become obsolete, are hereby declared to be in full force within this State.” N.C. Gen. Stat. § 4-1.

The “common law” referred to in N.C. Gen. Stat. § 4-1 is the common law of England as of the date of the signing of the Declaration of Independence. State v. Buckom, 328 N.C. 313, 401 S.E.2d. 362 (1991). Thus, the duties and authorities of Sheriffs in North Carolina are, for the most part, the same as they were under the common law of England at the time of the signing of the Declaration of Independence.

Although the Office of Sheriff was expressly created in North Carolina’s first Constitution in 1776, “no system of local government was prescribed by the Constitution.” A uniform scheme of county and township government was not prescribed until the adoption of North Carolina’s Constitution of 1868, almost one hundred years later. North Carolina Government, 1585-1979, A Narrative and Statistical History, issued by Thad Eure, Secretary of State, containing, at page 795, an article entitled “A Brief History of North Carolina” by John L. Sanders, then Director of the Institute of Government.

-3-

The Constitution of North Carolina of 1776, in Section 38, stated that “there shall be a sheriff. . . in each county within this State.” It was the Constitution of North Carolina of 1868, in Section 30, which stated that “in each county a sheriff. . . shall be elected by the qualified voters thereof as is prescribed for members of the General Assembly, and shall hold their offices for two years.” By vote of the people, on November 8, 1932, a proposed amendment to the Constitution was defeated that would have extended the term of office of a sheriff from two (2) years to four (4) years. However, a subsequent vote by the people on November 8, 1938, did ratify an amendment to the North Carolina Constitution specifying that an elected Sheriff shall hold office for a period of four (4) years. That term of office is contained in the current Constitution of North Carolina of 1971. The Constitution of North Carolina of 1971 added language making it clear that the Sheriff “was subject to removal for cause as provided by law.”

**The Sheriff is the chief law enforcement officer in the county.** Dawson v. Radewicz, 63 N.C. App. 731, 306 S.E.2d 171 (1983). The General Assembly of North Carolina has expressly recognized that **“the Sheriff is the only officer of local government required by the Constitution.”** **N.C. Gen. Stat. §17E-1.** The importance of the Office of Sheriff is further illustrated by the General Assembly’s enactment in N.C. Gen. Stat. § 11-11 of a specific oath of office for the Sheriff that is separate and apart from the oath of office for other law enforcement officers.

**N.C. Gen. Stat. § 17E-1 also states: “The General Assembly finds and declares that the office of sheriff, the office of deputy sheriff and the other officers and employees of the sheriff of a county are unique among all of the law-enforcement offices of North Carolina.”** That statute also recognizes that: “The offices of sheriff and deputy sheriff are therefore of special concern to the public health, safety, welfare and morals of the people of the State.”

-4-

### THE OFFICE OF DEPUTY SHERIFF

Since the birth of our great State, the Constitution has provided for the office of Sheriff. While there is no express constitutional authority for appointment of a Deputy Sheriff, the right of the Sheriff to appoint deputies is a common law right. "The deputy is an officer coeval in point of antiquity with the Sheriff." [Citations omitted] "He is the deputy of the sheriff, one appointed to act ordinarily for the sheriff and not in [the deputy's] own name, person or right, and although ordinarily appointed by the sheriff, is considered a public officer." Gowens v. Alamance County, 216 N.C. 107, 3 S.E.2d 339 (1939).

**Under North Carolina law, a Sheriff and the Sheriff's deputy are "one person."** In Styers v. Forsyth County, 212 N.C. 558, 564, 194 S.E. 305, 308 (1937), the Court said: "If there be a nonfeasance or neglect of duty by the under-sheriff [deputy], the sheriff alone is responsible to the party injured, and the default is a matter to be settled between the sheriff and under-sheriff [deputy]." See also Gowens v. Alamance County, 216 N.C. 107, 3 S.E.2d 339 (1939) (In performing their duties, deputy sheriffs act for the sheriff and in [the Sheriff's] name and right.)

Deputy sheriffs, like the Sheriffs who appoint them, have been recognized by our courts as public officers. Messick v. Catawba County, 110 N.C. App. 707, 431 S.E.2d 489 (1993). "There can be no doubt that a Sheriff may employ a deputy or other private person to assist [the Sheriff] . . . ." Cansler v. Penland, 125 N.C. 578, 34 S.E. 683 (1899). N.C. Gen. Stat. § 17E-1 states that: "the Deputy Sheriff has been held by the Supreme Court of this State to hold an office of special trust and confidence, acting in the name of and with powers coterminous with [the Deputy's] principal, the elected Sheriff. Deputies do not act independently in their roles as

-5-

deputy sheriff, but act on behalf of and for the Sheriff, as if the Sheriff had acted himself or herself.

**N.C. GEN. STAT. § 153A-103**

The North Carolina General Assembly, in enacting N.C. Gen. Stat. § 153A-103, clearly recognized the Office of Sheriff, and referred to it as an “office” twice in this statute, and also referred to the Sheriff as an “appointing officer”.

N.C. Gen. Stat. § 153A-103 codifies portions of the common law related to the Office of Sheriff when it states that “each Sheriff . . . elected by the people has the exclusive right to hire, discharge, and supervise the employees in his office”; and when it states that “each deputy so appointed shall serve at the pleasure of the appointing officer.” It appears that these restatements of the common law were set forth in this statute so that the other provisions in the statute would not be later construed as repealing these principles of common law applicable to the Office of Sheriff.

N.C. Gen. Stat. § 153A-103 authorizes the Board of County Commissioners to fix the number of salaried employees in the Office of Sheriff and requires the Board of County Commissioners to provide “reasonable compensation” for at least two deputy sheriffs. As originally enacted, this statute only required reasonable compensation for one deputy sheriff, but it was amended in 1987 to expand that requirement to two deputies.

The common law and constitutional right of a Sheriff to appoint deputies remains unchanged by N.C. Gen. Stat. § 153A-103. That is, a Sheriff can appoint as many deputies as the Sheriff wishes to appoint. N.C. Gen. Stat. § 153A-103 merely authorizes the County Board of Commissioners to determine how many of the Sheriff’s deputies will be “salaried” (i.e. paid) by

-6-

the county and provides that the county shall reasonably compensate at least two deputies.

Therefore, this statute guarantees that the Sheriff will have two paid deputies who will be “reasonably compensated”, and establishes that the Board of County Commissioners will decide how many other “salaried” deputies may be employed by the Sheriff. But, this statute in no way restricts the number of additional non-salaried deputies that can be appointed by the Sheriff.

Therefore, N.C. Gen. Stat. § 153A-103 leaves fully intact the Sheriffs’ unbridled common law authority to appoint deputy sheriffs and to discharge and supervise those deputy sheriffs, all of whom serve at the pleasure of the appointing Sheriff.

#### ARGUMENT

##### I. N.C. GEN. STAT. § 153A-99 DOES NOT APPLY TO PERSONNEL EMPLOYED BY A SHERIFF

N.C. Gen. Stat. § 153A-99 addresses political activity of “county employees”. “County employee” is defined in that statute as “any person employed by a county or any department or program thereof that is supported, in whole or in part, by county funds.” Since Sheriffs and Sheriffs’ deputies are not county employees, N.C. Gen. Stat. § 153A-99 does not apply to them.

The legal status of the Office of Sheriff and the Office of Deputy Sheriff is clear. In Clark v. Burke County, 117 N.C. App. 85, 450 S.E.2d 747 (1994), this Court clearly held that a deputy sheriff was an employee of the Sheriff, but not an employee of the county. This case was decided by this Court after the enactment of N.C. Gen. Stat. § 153A-99. In Peele v. Provident Life Insurance Company, 90 N.C. App. 447, 368 S.E.2d 892 (1988), this Court stated: “It is clear to this Court that Plaintiff [the dispatcher] was an employee of the sheriff and not Watuaga County and its Board of Commissioners.” The fired dispatcher in this case argued that, even though she

-7-

was hired by the Sheriff, she remained an employee of Watauga County and thus all of the protections and privileges provided by the Board of Commissioners to other county employees should have been afforded her. . . .”, to which this Court replied: “We cannot agree. Plaintiff’s esoteric analysis of the issue is misplaced. It is clear to this Court that Plaintiff was an employee of the Sheriff and not Watauga County and its Board of Commissioners.” Citing N.C. Gen. Stat. § 153A-103, this Court said that the statute “gives every indication that the control of the employees hired by the Sheriff is vested exclusively in the Sheriff.” This Court went on to hold that “under state law the Sheriff has the exclusive right to fire any deputy in his office,” citing Joyner v. Lancaster, 553 F.Supp. 809, 816 (M.D.N.C. 1982). These holdings in the Peele case were reaffirmed by this Court in 1994 in Clark v. Burke County, *supra*.

While it is undisputed that county funds are received by the Office of the Sheriff, it is equally clear that the Sheriff and the Sheriff’s deputies are not employed by the county, are not employed by any county department and are not employed by any county program. The Sheriff is not “employed” by anyone. It is clear that the Sheriff is a constitutional officer elected by the people. It is equally clear that the Sheriff’s deputies and other employees of the Sheriff’s office are appointed by and employed by the Sheriff, and are not employees of the “county or any department or program thereof.” Nothing in 153A-99 changes the fact that a Sheriff and a Sheriff’s deputies are not employees of the county.

Therefore, N.C. Gen. Stat. § 153A-99 does not apply to the Sheriff, and does not apply to the Sheriff’s deputies and other personnel employed by the Sheriff to serve in the Sheriff’s Office.

-8-

**II. THE PUBLIC POLICY OF NORTH CAROLINA SUPPORTS THE COMMON LAW RIGHT OF THE SHERIFF TO TERMINATE THE EMPLOYMENT OF A DEPUTY SHERIFF FOR "POLITICAL" REASONS, INCLUDING THE ACTUAL OR POTENTIAL DISLOYALTY OF THE DEPUTY SHERIFF.**

Sheriffs, to the knowledge of the North Carolina Sheriffs' Association, are the only law enforcement officers who are elected by the people. The will of the people of North Carolina to have their Sheriff serve at the pleasure of the people, through the mechanism of public elections, has been maintained by the citizenry of our great State for over two hundred years.

Sheriffs, by their selection through election, are the only law enforcement officers that are directly responsible on a daily basis to the citizens of our great State. It is the will of the people that can elect the Sheriff and the will of the people that can replace that Sheriff with a new Sheriff. The ability of our citizens to elect their Sheriff gives our citizens direct control over the philosophy and direction that will be exhibited by their Sheriff and the Sheriff's deputies. While the voters select a person to serve as their Sheriff whom they believe is competent to carry out the duties, they also select a person whom they believe has the proper temperament, philosophy, priorities and programs to carry out the duties of Sheriff in the manner in which the citizens expect them to be carried out.

Recognizing that one person serving as the Sheriff cannot provide for all of the law enforcement needs of the County, the common law, since before the creation of our great State, has permitted the Sheriff to appoint deputy sheriffs. However, it was never contemplated that the Sheriff would be forced to retain deputy sheriffs who did not share the sheriff's philosophy and priorities for the Office of Sheriff. If the Sheriff was forced to appoint or keep deputy sheriffs that were not loyal to the Sheriff's philosophy and vision for the Office of Sheriff to which the Sheriff

-9-

had been elected, then the disloyal deputies could undermine the operations of the Office of Sheriff and thereby circumvent the will of the people who had elected the Sheriff.

The citizens of North Carolina who had just elected a new Sheriff for their county would never understand (and never agree with) a requirement that the newly elected Sheriff retain in the Sheriff's employ deputy sheriffs and other personnel who were disloyal to that Sheriff. It defies common sense that the citizens of the county could change the philosophy and direction of the Sheriff's office by electing a new Sheriff, if the new Sheriff would be handicapped by and required to retain deputy sheriffs who supported the new Sheriff's opponent and who supported the philosophy, priorities and policies that the new Sheriff's opponent had advocated (or implemented) within the Sheriff's office. Were this Court to hold that the public policy of North Carolina requires a Sheriff to retain disloyal deputies in the Sheriff's employ, the citizenry's ability to effect change in their local Sheriff's Office would be seriously eroded.

The Office of Sheriff is the oldest law enforcement office in North Carolina and is the only constitutional law enforcement officer in North Carolina. The Office of Sheriff predates any local law enforcement agencies and predates any State law enforcement agencies. The framers of the Constitution of North Carolina of 1776 knew of the abuses that could be perpetuated by a Sheriff who was, as in colonial times, appointed to serve as the enforcer for the King. Therefore, after the State of North Carolina declared her independence, our forefathers gave the local citizens the authority to select who would be their Sheriff, and thereby allowed the citizenry to maintain local control over the Office of Sheriff.

North Carolina is a vast and varied State, with Sheriff's offices that range in size from only a few personnel to those that have over one thousand personnel. Regardless of the size of the

-10-

Sheriff's Office or the number of personnel employed by the Sheriff, those persons who are disloyal to the Sheriff can sabotage the effectiveness of the Sheriff's Office. Requiring a Sheriff to keep in the Sheriff's employ deputies who supported the Sheriff's opponent in an election would destroy the public's confidence in the authority of the Sheriff and in the election process. People who vote in a new Sheriff, or reject the platform of a challenger to the sitting Sheriff, expect the winner of the election to employ personnel who support the winner's philosophy and who will take the Sheriff's Office in the direction that reflects the will of the voters.

The delivery of law enforcement services is not a mechanical task. Rather, it requires a tremendous amount of personal interaction between the Sheriff and the Sheriff's deputies and the citizens of the community. While engaging in this interaction with the citizens of the community, the philosophy of the law enforcement officer is critical to how the enforcement action will be perceived by the citizens. The Sheriffs of North Carolina were made accountable to the citizens to ensure a positive demeanor and philosophy in the delivery of law enforcement services and to make the Sheriff accountable to the citizens. For this accountability to have any substance whatsoever, not only must the Sheriff be accountable but the deputies must be accountable for sharing and carrying out the same philosophy as the Sheriff.

The importance of this was recognized by the Court in Jenkins v. Medford, 119 F.3d 1156 (4<sup>th</sup> Cir. 1996), cert. denied, 522 U.S. 1090, 118 S.Ct. 881, 139 L.Ed.2d 869 (1997), where the Court held:

**"In jurisdictions where the sheriff is elected by popular vote, the triumph of one candidate indicates voter approval of the candidate's espoused platform and general agreement with the candidate's "expressed political agenda." Some candidates gain office by promising changes in current policy. By choosing a particular**

-11-

candidate to protect the citizens of the county, the electorate vests in the sheriff broad discretion to set and implement the policies necessary to carry out his goals. The sheriff holds a duty to the electorate and the public at large to ensure that his espoused policies are implemented.

Deputy sheriffs play a special role in implementing the sheriff's policies and goals."

In Stott v. Hayworth, 916 F.2d. 134 (4<sup>th</sup> Cir. 1990), the Court said:

"Democracy as we now know it has been built largely upon patronage practices. Throughout history, those elected to office have rewarded loyal supporters interested in carrying out the policies of the officials chosen by the electorate by appointing them to political positions. In so doing, the elected have also rewarded themselves, reaping the benefits of victory, by surrounding themselves with loyal employees. . .and affording them the ability to promote the mandate of the electorate without undue internal dissent. Harmony through patronage has been and is today a basic tenet of American democratic politics."

The actions of a Deputy Sheriff are imputed to the Sheriff, and any failure to implement the Sheriff's policies and procedures is attributed directly to the Sheriff. Each Deputy in a Sheriff's Office is therefore in a position to undermine the implementation of the Sheriff's policies and impair the credibility and effectiveness of the Sheriff's office.

A Sheriff should not, by this Court's pronouncement of the public policy of this State, be required to rely on people to carry out the Sheriff's duties when the goal of those same people was to keep the Sheriff from becoming Sheriff in the first place. For example, it is not inconceivable that in the few days prior to an election, some of the deputy sheriffs employed by a Sheriff could come out publicly in support of the incumbent Sheriff's opponent. If the incumbent Sheriff was successful in winning the election due to the will of the people, then the Sheriff and the voters should not be forced to rely on the "defectors" to be loyal to the sheriff's policies (that

-12-

the defectors clearly showed contempt for by coming out and endorsing the Sheriff's opponent a few days before the election).

As well, a Judge of the North Carolina Court of Appeals should not, by the public policy of our State, be required to retain in his or her employ a law clerk who supported that Judge's opponent during that Judge's campaign for re-election to the Court.

It has never been contemplated that Sheriffs must attempt to implement policies with deputies who have been selected by the Sheriff's opponent, or by deputies who do not support the Sheriff's policies and goals. The Sheriff's Office would be "unmanageable" if a Sheriff was forced to "appoint or retain his political enemies" as Deputy Sheriffs. See Jenkins, supra.

Therefore, the public policy of North Carolina supports the common law right of the Sheriff to terminate the employment of a Deputy Sheriff for "political" reasons, including the actual or potential disloyalty of the Deputy Sheriff.

### CONCLUSION

Based upon the authorities and arguments cited above, this Court should hold that N.C. Gen. Stat. § 153A-99 does not apply to the Office of Sheriff nor to the Sheriff's personnel, and that the right of the Sheriff to hire, discharge and supervise the personnel within the Sheriff's Office, as has been allowed by the law of this great State for over two hundred years, is not now in contravention of the public policy of this State.

Sheriff Tim L. Daugherty  
Lincoln County Sheriff's Office  
Post Office Box 506  
Lincolnton, North Carolina 28093

Dear Sheriff Daugherty:

I am in receipt of your August 25, 2009 letter requesting an opinion on two issues. The first issue concerns the Sheriff's right or authority to "re-class" an existing personnel position, and to assign a pay grade appropriate to the re-classed position. The second issue concerns the Sheriff's right or authority to allow officers to take county vehicles home when the person lives outside of Lincoln County. I am pleased to respond.

As I understand the facts of your first issue, you attempted to reclassify a deputy within your department to a Lieutenant position with an accompanying pay raise.

Several statutes are relevant to this issue. First, North Carolina General Statute § 153A-103 grants the Sheriff "the exclusive right to hire, discharge, and supervise the employees in his office." Pursuant to that statute, the Board of County Commissioners has the authority to fix the number of salaried employees in the office of the Sheriff and to approve the appointment of relatives of the Sheriff or persons convicted of crimes involving moral turpitude.

North Carolina General Statute § 153A-94 gives the County Commissioners authority to adopt personnel policies governing matters as leave, working conditions, and other types of personnel policies, however this statute makes no mention of employees assigned to elected officials. Additionally, under North Carolina General Statute § 153A-92, the Commissioners have certain authority over the salaries of the various employees and there is a specific mention of employees assigned to an elected official in that statute.

In interpreting these statutes, this office has consistently held that the Sheriff's employees are within his exclusive jurisdiction with respect to hiring, firing, supervision

and other personnel policies. The North Carolina appellate courts share this view as well. Specifically, the North Carolina Court of Appeals in Peele vs. Provident Mutual Life Insurance Company, 90 N.C. App. 447, 368 S.E.2d 892 (1988) has concluded that an employee dismissed by the Sheriff of Watagua County was not entitled to benefits of the county personnel policy concerning termination of employees. The Court of Appeals relied on North Carolina General Statute § 153A-103(a) which gives the Sheriff the exclusive right to hire, discharge and supervise employees in his office. The Court of Appeals further held that the protections and privileges provided by the County Commissioners to other county employees did not apply to Peele, the former member of the Sheriff's Office.

The reading of the statutes contained in Chapter 153A, together with the analysis of Peele, leads to the conclusion that the Sheriff is the proper person to make decisions regarding the reclassifications of positions within his office. However, it should be noted that pursuant to Chapter 153A, the County Commissioners have the authority over the budget of the Sheriff's office and specifically may fix the number of salaried employees within the Sheriff's office. Consequently the County Commissioners have the authority to cease funding for a particular position but you, as Sheriff would retain the authority to determine who occupies a funded position.

As I understand the facts of your second issue regarding the use of "take home" marked patrol cars by deputies, you have previously allowed your employees to drive their marked vehicles to and from the Sheriff's office to their residences outside of Lincoln County. However, recently the County Commissions adopted a resolution that provides that "[n]o county employee who resides outside Lincoln County . . . may use any county-owned vehicle to commute to or from his assigned workplace in Lincoln County."

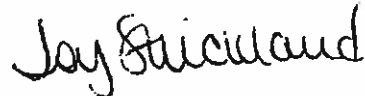

As discussed herein, the Sheriff has the exclusive jurisdiction with respect to supervision of his employees, to include creating policies regarding vehicles driven by those employees. Furthermore, the Court of Appeals in Peele, established that an employee of the Sheriff is not an employee of the county. Interpreting Peele and the statutes previously discussed herein, leads me to conclude that you as Sheriff are not bound by a policy adopted by the County Commissioners for county employees when it comes to matters outside the scope of the number and compensation of employees, or other matters specifically placed by statute within the control of the Board of County Commissioners. Therefore, you are not bound by the resolution passed by the County Commissioners and you may therefore continue to allow the marked patrol vehicles to be driven outside of the county. However, you should be aware that the County Commissioners have the authority pursuant to Chapter 153A of the North Carolina General Statutes to control the budget of the Sheriff's Office. As a result, it may well be within the discretion of the County Commissioners to reduce a proportionate amount of funding for the marked patrol vehicles in your department. You may wish to consider discussing this issue with the County Commissioners to determine if there is some agreement that you may reach.

Ltr., Sheriff Daugherty

Memorandum  
Sheriff Ronald E. Hewett  
September 27, 2006  
Page 2

The exclusive right of the Sheriff to supervise all employees of the Sheriff's office is clear, and includes the authority of the Sheriff to: (1) verify that employees have worked the appropriate number of hours; (2) verify that employees work sufficient hours to perform the tasks necessary to serve the citizens of the county; (3) have employees work overtime when necessary, for example when searching for a missing person or in response to a homicide or terrorist act; (4) document any overtime hours worked and ensure that the employee is properly compensated in compliance with the Fair Labor Standards Act and any other applicable laws; and (5) perform numerous other responsibilities involved in supervising employees.

Annotations to the North Carolina General Statutes cite several court cases involving N.C. Gen. Stat. §153A-103, and read as follows:

[This law] gives the sheriff exclusive control over supervision of employees in his office. *Flood vs. Hardy*, 868 F. Supp. 809 (E.D.N.C. 1994).

Control of the employees hired by the sheriff is vested exclusively in the Sheriff. The Sheriff has the exclusive right to fire any deputy or employee in his office. The only authority vested in the board of commissioners is in determining the number of employees the sheriff can hire and the ability to approve the appointment of a relative or a person convicted of a crime involving moral turpitude. *Peele vs. Provident Mutual Life Insurance Company*, 90 N.C. App. 447, 368 S.E. 2d 892 (1988).

This [law] explicitly grants sheriffs exclusive power over employment decisions. *Jackson v. Long*, 102 F. 3d 722 (4<sup>th</sup> Cir. 1996).

I trust that this memorandum has been responsive to your request. The law is unequivocal and absolutely clear that the county's decision to require county employees to punch a time clock, electronic or otherwise, does not apply to employees of the constitutionally elected Office of the Sheriff.

If you have further questions, or if I can provide additional information, please do not hesitate to contact me at (919) SHERIFF (743-7433).

### **AGRICULTURE/NATURAL RESOURCES**

#### **Leadership Vance Agriculture Day**

Michael Ellington, Extension Agent, Agriculture, Horticulture & Field Crops and Wayne Rowland, Agriculture Natural Resources Technician hosted the Chamber's Leadership Vance Agriculture Day that was held on Tuesday, June 11th. The agriculture focused day showcased the hard work and rich traditions of our local agriculture community.

Their day began with a stop at Ellington Farms where they met Thomas Shaw, Vance County Farm Bureau & County President. Thomas Shaw entertained the Leadership Vance group with a presentation that followed the process of tobacco farming from seed to market. Afterwards, Mr. Shaw guided a tour of the facilities answering questions about operating in international markets, explaining how a Granville County business is helping build better tobacco processing machinery at home, and even helping some students climb inside tractors worth hundreds of thousands of dollars. Many students left with a better understanding of how local leaders can have an impact on an international scale.

Next, they visited Franklin Brothers Nursery where they met owner, Sam Franklin. Sam presented information about the operation of the nursery or greenhouse from growing, feeding, transplanting, and protecting the plants. The group was able to participate in making planters as well. They also stopped for a tour/hayride of Saddle Rock Farm from Larry Johnson and Emily Parker before heading back to the Vance County Farmers Market for a delicious pig-picking lunch. After the meal, Thomas Shaw introduced Shawn Harding, NC Farm Bureau President. Mr. Harding emphasized the vital role that the farms and farmers' markets play in the local food network.

After lunch the group had the day concluded with an opportunity to meet and tour Diana Cruz at the Love Sprouts Farm and Joe Parks at Parks BlackBerry Farm. The Chamber thanked Dr. Macon and her staff – Michael Ellington & Wayne Rowland for being the best tour guides.

#### **Hello From New Agriculture Extension Agent**

I'm very honored to introduce myself as the new Agriculture - Consumer and Commercial Horticulture Agent with N.C. Cooperative Extension - Vance County Center. As a native of Vance County, I've seen first-hand just how important agriculture is to our economy and our community's sense of identity.

My career path started with an undergraduate degree from East Carolina University and a master's degree from Virginia Tech, I returned to the area and founded a small farm and nursery focused on native plants. Raising livestock and tending to the greenhouses was rewarding, but my favorite part of the job was engaging customers. There was a deep satisfaction found in helping people solve gardening problems, answering questions, or informing them about cutting edge agricultural practices. In fact, I enjoyed it so much I joined the Extension Master Gardeners as a volunteer and spent several years helping engage the public by providing science-based information.

As an agent, my responsibilities include supporting existing programs like the Extension Master Gardeners, Pesticide Education and Training, and providing commercial field crop producers with technical expertise. Additionally, I'll provide educational workshops on topics ranging from Pond Management to Backyard Gardening. Remember that programming choice is heavily influenced by public demand so please don't hesitate to reach out to me with any feedback or ideas!

Perhaps the responsibility I'm most excited to embrace is that of supporting the growth of the Vance County Regional Farmers Market. As a previous vendor, I've seen just how much work it can take to keep the market running smoothly and I've benefited from the strong support Extension provides for small farmers. I'm excited for the opportunity to be on the other side of that equation.

As I embrace my responsibility to serve and support the residents of Vance County, I sincerely hope that you'll reach out with any questions or words of advice.

### **Soil Samples**

We continue to work with customers/local farmers making sure their information on the soil sample collection sheets are filled correctly that they turn in with any soil sample testing each month. We are getting those each week.

### **N.C. A&T State University Small Farms Field Day**

Wayne Rowland along with 4 local farmers attended the Cooperative Extension at A&T Small Farms Field Day on Thursday, June 20th in Greensboro. They were able to learn about the latest in small-scale farming from tissue culture ginger to hoop and pasture-based pork. The event demonstrations were Vegetable Production through High Tunnel Tour, Cover Crop Tour, Agroforestry/Silvopasture Cover-Crop Tour, Swine Production Research Unit Tour. Lunch was provided for all that attended.

### **Honey Extraction at the Vance County Market**

What is honey extraction? It's a beekeeping event that demonstrates how honey is extracted from the honeycomb and made available for consumption. Beekeepers must make sure they have their protective gear before starting the process: gloves, bee brush, uncapping knife and a bucket. The beekeeper must take the frames from the hive, remove the wax cap that bees use to seal each honey cell and then place the frames in a honey extractor, which uses centrifugal force to spin the frames and force the honey out of the comb. Honey is usually harvested once or twice a year in late summer or early fall, but the timing depends on the hive.

Wayne Rowland hosted the Vance & Warren Beekeepers teamed with Cooperative Extension to have their first ever Honey Extractions days on June 1st & 2nd at the Vance County Farmers Market. There were 19 beekeepers attending this event with over 75 gallons of honey that was extracted at this event. This will be an annual event at the Farmers Market.

## **4-H YOUTH DEVELOPMENT**

### **Vance County 4-H District Activity Day**

District Activity Day (DAD) is a 4-H Presentation public speaking competition for youth to present information on the topic of their choice. 4-H Presentations are a huge part of North Carolina 4-H. It is one of the most successful way to help a young person learn how to do a public speech.

This past weekend (June 15th) Vance County had two representatives for North Carolina's District Activity Day at North Carolina A&T. Sariyah Gant (Left) placed 3rd in the Digital Reality category, and Elise Childs (Right) placed 1st in Food and Nutrition. We are extremely proud of these young ladies, and we look forward to seeing Elise in the finals for state presentation on July 23rd!!!

### **4-H Overnight Residential Camp at BJP**

Nothing says summer break like going to camp!

Micha Sharpe took 4-H'ers to Betsy-Jeff Penn 4-H Educational Center for a six-day overnight camp adventure where they were able to build new relationships, leadership skills and self-discipline. When they arrived, they started their experience off by having to move into their cabins in the rain.

Vance County Cooperative Extension would like to thank Vaya Health and National 4-H for their camp contributions, allowing our youth to have a week-long camp experience without financial barriers. We are very grateful for our community and national partners!
