

STATE OF NORTH CAROLINA

COUNTY OF VANCE

The Vance County Board of Commissioners met in regular session on Monday, August 3, 2020 at 6:00 p.m. in the Commissioners' Conference Room, Vance County Administration Building, 122 Young Street, Henderson, NC. Those Commissioners present were as follows: Chairman Gordon Wilder, Vice-Chairman Dan Brummitt, Commissioners Carolyn Faines, Yolanda J. Feimster, Thomas S. Hester, Jr., Leo Kelly, Jr. and Archie B. Taylor, Jr.

Absent: None.

Also present were County Manager Jordan McMillen, Finance Director Katherine Bigelow, County Attorney Jonathan S. Care, and Clerk to the Board Kelly H. Grissom.

Chairman Gordon Wilder gave the invocation.

As advertised, a public hearing was held to receive citizen input on proposed amendments to the Vance County, NC Code of Ordinances – Chapter 90: Animals. As there was no one present who wished to speak on this matter, Chairman Gordon Wilder declared the public hearing closed. Action will be taken on this matter at the August 19 special meeting.

Board of Elections Chair Sennica Nicholson requested an increase in wages for the elections poll workers. They are currently making \$10 per hour and the judges are making \$15 per hour. She requested that these wages be increased to \$15 for poll workers and \$20 for judges. She also requested that Election Day wages be increased from \$150 to \$200 for judges; and assistants from \$125 to \$150 for the day.

The board discussed the fact that the state has allocated additional COVID funds for elections in the amount of \$82,602. Those funds could be used for this request this year and the board can review this matter for next year during budget deliberations.

Ms. Porcha Brooks, Tax Administrator, was next on the agenda and presented the following untimely exemption applications as follows:

Motion was made by Commissioner Thomas S. Hester, Jr., seconded by Commissioner Dan Brummitt, vote unanimous, to approve the untimely exemption requests as presented.

Water District Board

Chairman Gordon Wilder called the water district board to order.

The June 2020 monthly operations report was presented to the board for information. County Manager Jordan McMillen stated that the State’s Executive Order that prohibits water shut-offs for nonpayment has now expired. The county will provide a six month payment plan for these customers. The board also discussed the recent increase in the water tap fees. Mr. McMillen stated that those customers already in the process of signing up will remain at the old rate.

Chairman Wilder adjourned the water district board.

Committee Reports and Recommendations

Public Safety Committee – Fire District Redistricting. Commissioner Gordon Wilder stated that over the past several months the committee discussed changes to fire district boundaries in five different areas around the county as agreed upon by neighboring fire chiefs. During the July 21 meeting, the committee (Wilder[C], Brummitt & Taylor) decided to hold off on making any redistricting recommendations until after Bearpond goes through its rating review later in 2020.

Fire Reorganization. Commissioner Wilder reported that in February 2019 the board voted to continue the Goldenbelt fire district in its current structure. During the retreat in January 2020, a commissioner brought up the fire reorganization plan and the board asked the committee to review the plan. At its June 30 and July 21 meetings, the committee reviewed and discussed organizational charts and an updated financial analysis associated with the reorganization plan. At its July 21 meeting, the committee reviewed the updated financial analysis as prepared by county finance staff. The analysis indicates the plan would create an initial savings of \$281,791 on the general fund while creating a \$206,136 deficit on the fire tax fund which would require a 1.2 cent fire tax increase. The finance director discussed concerns with transferring monies from the general fund to the fire fund to cover the deficit and mentioned state law within the budget and

fiscal control act that prevents paying for a service fund deficit with general fund monies. Committee members mentioned management, HR, and potential legal concerns with the plan having county fire employees report to county policies while also being subject to non-county operational policies with the employees physically being located in a volunteer station and operating volunteer department equipment. The committee then reviewed input from the Fire Association indicating that the association members had too many questions and concerns with the proposal to support its passage. As requested by the board, the committee has reviewed the plan and based upon input gathered and concerns raised, the committee recommended (2-1 vote) not proceeding with further conversations on the reorganization plan.

Commissioner Carolyn Faines stated that it was her understanding that no tax increase would be needed. County Manager Jordan McMillen replied that the key changes that took place since the initial plan was putting additional staff in the central part of the county (six part-time positions). Commissioner Dan Brummitt stated that the numbers presented are misleading and have been manipulated to show a deficit and a need for a tax increase. He stated that the plan would be a savings for the county. Commissioner Archie B. Taylor, Jr. stated that he would not support any plan to eliminate the county fire department. Commissioner Thomas S. Hester, Jr. echoed Commissioners Taylor's remarks.

Motion was made by Commissioner Yolanda Feimster to not follow the committee's recommendation to cease discussions on fire reorganization; and to continue further conversations as to the reorganization plan. This motion was seconded by Commissioner Carolyn Faines and unanimously approved.

Fire Association Priorities. Commissioner Wilder noted that the committee discussed the following priorities which were brought up by the fire association:

1. Staffing of two dedicated fire staff at the Rescue Squad (would require a change in the county's fire tax resolution allowing the rescue squad to receive fire tax funding and a change to the rescue squad contract)
2. Change in volunteer fire department contracts allowing flexible use of existing part-time hours

All committee members were in support of updating the fire contracts to allow flexibility in the use of part-time hours. The committee discussed the idea of providing funding to the rescue squad for two dedicated fire staff. A committee member presented concerns with the current amount of funding the county is providing for rescue services relative to what other counties provide for similar services and advocated for the county to bid out rescue services to receive a

competitive proposal. Two committee members were in favor of exploring and discussing further the idea of providing additional funding to the rescue squad to allow them to provide the two part-time slots. The committee asked staff to research the legalities of adding the rescue squad to the fire tax fund and intends to review a financial analysis at its next meeting.

Motion was made by Commissioner Dan Brummitt to direct staff to draft an amended resolution for the fire tax to allow two dedicated fire staff at the rescue squad; and to direct staff to draft amended contracts to allow flexible use of existing part-time hours for our existing part-time departments. This motion was seconded by Commissioner Carolyn Faines.

Commissioner Archie B. Taylor, Jr. stated that he is opposed to this motion. He stated that the county contracts with The Vance Life Saving and Rescue Squad, Inc., which is not a county agency. He is opposed to funding a private organization with county staff and county funds. He would like to see the rescue services put out for bid.

After further discussion, vote on the motion was ayes – five (5); noes – two (2), with the dissenting votes being cast by Commissioner Archie B. Taylor, Jr. and Commissioner Thomas S. Hester, Jr.

Properties Committee – Warrenton Road Convenience Site Construction Bids. The committee (Brummitt[C], Taylor & Wilder) met on Wednesday, July 22, 2020 to review bids received for constructing the new Warrenton Road Convenience site and turn lane. H.G. Reynolds was the low bidder with a total base bid of \$351,821 plus an alternate bid of \$34,842 (\$386,663 total) versus a project budget of \$369,216. The committee was in favor of including the alternate which adds asphalt vs. using gravel around the solid waste compactor. It is anticipated that this could save between \$4,000 and \$5,000 per year in gravel being added to the site. The committee was agreeable to awarding the project to H.G. Reynolds as the low bidder, but before making this recommendation would like to see if value engineering can reduce the overall project cost inclusive of the alternate within the budget.

The committee chairperson and county staff met with the project engineer and H.G. Reynolds following the committee meeting and were able to identify \$1,480 in savings (removing barbed wire on site fence). Recommendation Subject to Value Engineering Conversation: Award construction contract to H.G. Reynolds totaling \$385,183 for the Warrenton Road Convenience Site and Turn Lane Construction project.

Motion was made by Commissioner Thomas S. Hester, Jr. to award the construction contract to H.G. Reynolds totaling 385,183 for the Warrenton Road convenience site and turn lane construction project. This motion was seconded by Commissioner Archie B. Taylor, Jr. and unanimously approved.

County Manager's Report

Legislative Goals. County Manager Jordan McMillen stated that the NC Association of County Commissioners (NCACC) 2021-2022 biennium legislative goals process is underway. Commissioners are invited to submit ideas for legislative goals to the clerk or the county manager by August 28th for consideration by the board at the September meeting. The deadline to submit goals to NCACC is September 30, 2020.

McGregor Hall Funding Request. Mr. McMillen noted that McGregor Hall recently provided a letter outlining its financial challenges this year as a result of the COVID-19 pandemic. From the day they closed down on March 16 – July 10 they have experienced a 75% reduction in contributions, a 91% reduction in sales, and a 100% reduction in rental income all resulting in a \$100,000 overall decrease in revenue from the same period in 2019. With the ongoing impact of COVID-19, it is anticipated that these impacts will grow into next year. They have requested \$250,000 in emergency funding between the City and County to sustain their operations. Staff recognizes the tremendous economic impact that McGregor has on the county and plans to have further discussions with the intergovernmental committee and the City of Henderson regarding the

request. Staff is researching the possibility of using Coronavirus Relief Funds as a way of providing one-time funding to McGregor Hall.

HVIP Phase III Project Update. Mr. McMillen stated that work on the construction project has progressed quickly and will be wrapping up over the next month or two. To date installation of the 8 inch sewer force main, 6 inch sewer force main, gravity sewer, and water line has been installed and tested. The new roadway (Industrial Park Drive) is graded with eight inches of gravel and the realignment of Commerce Drive and Industrial Park Drive is complete. We anticipate NCDOT inspection of the realignment soon and await word on a federal Economic Development Administration grant application to see if funds will be available to pave the road and complete the original project scope. The board was provided the latest progress report from the project engineer including photos of progress.

Request from Secretary of Interior. Mr. McMillen noted that several commissioners received an email this week from the US Department of Interior with a letter attachment from Secretary David Bernhardt. The clerk to the board forwarded the email to all commissioners that were not on the original distribution. The letter outlines the President's Executive Order on Building and Rebuilding Monuments and provides background on a plan to create a National Garden for the purpose of relocating statues which feature the founding fathers, former presidents of the United States, those who fought for the abolition of slavery, and other great Americans (Executive Order includes list of 31 individuals). The Department of Interior is seeking recommendations from counties on the following:

1. Does the County have locations of natural beauty that would serve as a reputable location for the National Garden? Their preference is federal land.
2. Does the County have any statues or monuments that we are willing to donate or loan to this effort?
3. Are there any other American heroes who should be recognized in the National Garden beyond the 31 individuals listed in the President's Executive Order?

Mr. McMillen stated that if the board has any input to be provided to the Department of Interior, staff will provide a response. Commissioner Archie B. Taylor, Jr. suggested looking for an area on Kerr Lake. Commissioner Leo Kelly, Jr. suggested looking into a regional area with surrounding counties.
