## VANCE COUNTY NAMES NEW FACILITIES MAINTENANCE DIRECTOR

**Henderson, North Carolina** – Vance County Manager Mrs. C. Renee Perry is proud to announce the appointment of Mr. Jeffrey Percy as the Facilities Maintenance Director, effective April 29, 2025. A Durham County native and seasoned professional with a diverse background in electronics, project management, and facility operations, Mr. Percy brings over two decades of experience to the role.

A Southern Durham High School graduate, Mr. Percy earned an Associate of Science degree in Electronics from DeVry University in Atlanta. His technical career began at IBM in Research Triangle Park, where he worked in robotic and test equipment maintenance. As global manufacturing operations evolved, he transitioned into IBM's purchasing division, where he served as a parts data analyst and Engineering Change (EC) analyzer.

Mr. Percy advanced into a leadership role with CTG as an account manager, overseeing a large team of contract employees working on-site in coordination with IBM. Later, he spent a decade as a project manager in the reconstruction industry, managing complex restoration projects with precision and efficiency.

Most recently, Mr. Percy held a facilities maintenance position at NC Specialty Hospital, where he was responsible for ensuring seamless operation and upkeep of healthcare infrastructure.

"I'm honored to serve the citizens of Vance County in this new role," said Mr. Percy. "I look forward to using my experience to enhance our county facilities and provide safe, well-maintained environments for our employees and the public."

"We are excited to welcome Mr. Percy to our team. His broad expertise, hands-on technical knowledge, and strong project management skills make him a valuable asset to our county. We look forward to the improvements and innovation he will bring to our facilities operations," stated Manager Perry.
